

## PORT OF TARRAFAL - SÃO NICOLAU

Situated 450km off the coast of West Africa, between 14° 48' and 17°12' latitude North, and between 22°40' and 25°22' longitude West, Cape Verde is in the centre of grand trade and navigation routes, in a privileged position for the establishment of a maritime point between the European, African, and American continents. We are prepared to offer alternatives to the main Atlantic maritime transshipment routes.

Constructed in 1991, the Port of Tarrafal's quays are 137 meters in length.

The port has the following technical aspects:

QUAY Molhe	PIER Cais	LENGTH Comprimento(mts)	WIDTH Largura	DEPTH (mts) Profundidade
